Community Satisfaction Survey 2019

General Survey

Approach

The survey was conducted from 4 June 2019 to 28 June 2019. Based on the local government area (LGA) population of 72,695, the targeted response for the Community Satisfaction Survey was 1052. The actual response was **1,208**. This sample size is statistically valid, however is not a representation of Port Stephens population in terms of demographics.

Survey Promotion

The survey was distributed by:

- Email to residents
- Hard copies made available at Council's libraries and Customer relations counter
- A survey link made available on Council's website

The survey was promoted via media releases on Council's website, social media and the Port Stephens Examiner.

Results

Not all respondents answered all questions. Percentage satisfaction results as shown in Table 1 and the report relate to those respondents who answered the question, they exclude "don't know", "not sure" and "don't use" responses. Table 1 also includes the results of separate surveys conducted by Council for Library and Children's Services.

Demographics

Of those that answered the age/gender question (n= 1118), 50.2% were females and 49.8% were males. (Census 2016 Port Stephens LGA: Males 49.4%, Females 50.6%).

The graph below shows the age profile of respondents compared to the population (Census 2016).

Respondents by age – Comparison to 2016 Census and 2019 Community Satisfaction Survey

Figure 2: DEMOGRAPHIC PROFILE OF RESPONDENTS

Figure 2 indicates a higher proportion of older residents responded to the survey. Only 6% of the total respondents were aged 34 years or younger.

Locality

Respondents answered the questions related to where in Port Stephens LGA they lived (n=1109). 45% of the respondents indicated residence in the East Ward. This continues a long established trend for a higher number of responses from East Ward.

Results

The following results present outcomes from the 2019 survey and, where a direct comparison can be made also show the 2018, 2017, 2016, 2015, 2014, 2013, and 2012 results.
